## 1 Report Overview

The Mechanical Biological Treatment (MBT) Directory (GB) was published by BDS in August 2024. The plants are operated by a mixture of national, regional and local companies. This MBT Directory provides key information for waste companies seeking to identify potential destinations for collected waste streams as well as providing the ability to monitor competitor activity, identify which operators currently hold existing contracts and site based capacity.

The MBT Directory 2024 holds details for 27 operating MBTs.

Directories produced by BDS include:

### Waste Directories:

- Household Waste Recycling Centres Directory
- Material Recycling Facilities Directory
- Mechanical Biological Treatment Plants Directory
- Anaerobic Digestion Plants Directory
- Energy from Waste Plants Directory

### Construction Industry Directories:

- Asphalt Plants Directory
- Ready Mix Concrete Sites Directory
- Aggregate Sites Directory
- Concrete Products Sites Directory
- Recycled Aggregate Sites Directory

### 1.1. BDS Market Intelligence

BDS is an independent and innovative market research consultancy with over 30 years' experience specialising in minerals, heavy building materials industries and waste sectors. BDS provides marketing intelligence, insight and reports in addition to bespoke consultancy in the following areas: Aggregates, Ready Mixed Concrete, Asphalt, Cement, Concrete Products, Waste Management, and related sectors

#### Intelligent Reports

BDS has a reputable portfolio of publicly available industry reports, amongst these are the BDS annual estimated outputs and market shares for key sectors including aggregates, asphalt, ready mixed concrete, concrete products and cement. Examples of other reports published by BDS include:

- The Estimated outputs of Asphalt Plants in the UK
- The Survey of the asphalt producing industry in Great Britain
- The Estimated outputs of Pits & Quarries and Marine Wharves in the UK
- The Survey of the aggregates producing industry in Great Britain
- The Aggregates Replenishment Industry in Great Britain
- Estimated Outputs of Ready Mixed Concrete Producers in Great Britain

#### Intelligent Planning

BDS monitor planning activity on a range of market sectors and products on a continuous basis across all the planning authorities in Great Britain, Northern Ireland and the Republic of Ireland. This information is made available to clients via the BDS online portal and monthly reports, through an annual subscription. For the waste industry, all planning activity relating to developments for Mechanical Biological Treatment (MBT) plants is tracked and published to subscribers.

#### Intelligent Consultancy

BDS has an extensive list of clients who commission bespoke, independent and industry sectors surveys and studies. These include market size assessment & analysis / prospects for new investments / business & product development / acquisition appraisals / commercial due diligence / company analysis, markets & prices / market-based research.

## 2 MBT Sites GB Overview (2024)

Mechanical Biological Treatment (MBT) describes a number of different processes (biological and physical) that address the treatment of waste. MBT plants mechanically sort and separate waste which is not suitable for recycling. MBTs offer an alternative way to process and dispose of mixed household waste as well as commercial and industrial wastes.

### Mechanical Biological Plants Directory - Great Britain (2024)

Total Number of MBT Operating Plants in Great Britain	0
Total Capacity of MBT Operating Plants in Great Britain	0

Site Name	Name of Operator	Address Details	County	Region	Year of Operation	Capacity '000s (tonnes per annum)
xxx	xxx	xxx	xxx	xxx	xxx	xxx
